* Premium Color, subject to change

Top Gun 1S is an acrylic coated, 100% woven polyester fabric utilizing a proprietary formula and process to coat only the top, virtually eliminating the potential for rub off. As part of the Top Gun family of premium coated fabrics, it is characterized by excellent strength, durability, tear and abrasion resistance, dimensional stability, UV and mildew resistance. Because of its construction, Top Gun 1S has the best dimensional stability of similar fabrics on the market, allowing you to not have to worry about stretch or sag. Also, its unique coating formula will not crack or delaminate with exposure to the elements. Top Gun 1S can be used for many outdoor applications such as marine tops, trailer covers, bimini tops, gazebos, canopies, tarps, playground equipment covers, BBQ grill covers, patio furniture covers and many other useful applications.

Top Gun 1S, one sided color with double protection.
